

Discovery: Noisy Baby Animals! (10-Button Sound Books) By Thea Feldman ,72 shipping Discovery: Noisy Baby Animals! (10-Button Sound Books) My Granddaughter loves this book Zambia The noises were perhaps a bit different than I'd expect: **Book discovery fitness assessment** One doesn't hear a seal every day...maybe I'm out of practise! Baby will enjoy it anyway Zambia Book looks great perfect for babies but ours unfortunately wasn't working. **Discovery book reviewer** Zambia My 8 month loves this book!! Zambia The book is fun but since you can't turn the switch off it drains the batteries even when on standby: **Discovery books** After six months we are on our fourth set of batteries compared to other similar books that are still on their first (at similar use levels):

The book it's self was lovely but came with water damage so was returned Zambia The quality it great I would recommend[1]

\$11. There were no sound even we tried other batteries. Very sad we discovered it late and Couldn't return. Zambia Good product would recommend it. Zambia.
