To get started scroll up and grab your copy! Hydroponic Marijuana: 3 Foolproof Ways to Grow Cannabis with Hydroponics (Urban Homesteading Book 5) It's clear that the author may have significant experience with hydroponics and cannabis; however I found the book to be incredibly underwhelming and a big let down with a hint of misleading. Way too generic nothing is committed to nor recommend other than for readers to go and do research (kind of like giving us a message to go buy another book/author's guide and study that some before you proceed)... but look elsewhere because it's not being shared in this book. If you by this book wanting to learn how to grow cannabis hydroponically with some modest level of detail or at least get some relevant references as to where to look and how to do it then... keep looking. Hydroponic Marijuana: 3 Foolproof Ways to Grow Cannabis with Hydroponics (Urban Homesteading Book 5) Set it up in my grandparents garage Hydroponic Marijuana: 3 Foolproof Ways to Grow Cannabis with Hydroponics (Urban Homesteading Book 5) Very well written I used this book as the foundation for my first attempt at hydroponics and was amazed at the results. I'm happy to say that I'm a much better and informed green enthusiast after such a great book! Hydroponic Marijuana: 3 Foolproof Ways to Grow Cannabis with Hydroponics (Urban Homesteading Book 5).
