. Excellent recipes! Can't wait to try them all. Turns out it was about Mr. Phan's and his family's history in the US. The book provides recipes for everyday Vietnamese cooking. Prompt delivery. In this review I couldn't help but mention many of them.(So sorry. That book was a wealth of information and creative ideas. It's well written and has great photography. But I don't think these recipes are any complicated. I like and appreciate that.Pictures in this book are beautiful and plentiful. Page layout is easy on the eyes. (The recipe in this book is even easier. But you can recognize the Charles Phan in every one. Steamed. There is to it but I'm not going to tell. I love simple perfectly poached chicken. So I love Hainan Chicken. It also is worth the price of the book to me. Shrimp paste formed around sugar cane sticks and grilled. The whole chapter on cocktails is interesting. They sure are beautiful to look at though. Wish I could get fresh sardines. I would love to make the Sardine Claypot. It looks soooo good. Book is exactly what I have been looking for
