

Corroded Thorns By Emma Clifton **Corroded thorns book pdf** I only wish the story had been a full length novel so that we could have dived more deeply into Darcy's transformation from despicable villain to romantic hero!! And such a beautiful cover! Corroded Thorns The characters are back along with a whole slew of sparkling new personalities. **Corroded Thorns kindle direct** A conniving queen a confused and rejected village girl and the greed of a broken prince collide in a larger than life game fashioned among the sprites that sets lives at risk and the fate of kingdoms in jeopardy. **Corroded thornsq quizlet** Corroded Thorns I absolutely L-O-V-E-D Broken Glass in the Five Glass Slippers Anthology so when I heard that Emma Clifton was writing a sequel--a sequel starring my two favorite characters (and based off of BEAUTY AND THE BEAST no less!) I knew I had to read it! It delivered. **Ebook corroded thorns pdf** It left questions unanswered though: what happens to the sinister younger prince Darcy? Or Ophelia who betrayed the rules she had sworn to follow? Corroded Thorns answers these questions. **Corroded thornso outlands** Corroded Thorns As the sequel to BROKEN GLASS (found in the FIVE GLASS SLIPPERS anthology) I was so excited to read CORRODED THORNS to experience the rest of Darcy's story! And boy does it ever not disappoint! I loved this book so much that I read it twice in one week. **Corroded thornson** But this time I just couldn't help myself! Fortunately it's a novella so I was able to read it in a sitting and it's one of those perfect novellas that feels exactly the right size. **Corroded thornstein** The plot behind the normal Beauty and the Beast part of the story was so awesome -- I loved that there was so much more going on under the surface than meets the eye and it TOTALLY made sense for the story; plus fascinating fairy godmother politics! Isn't that just cool? It was all so interesting to read about! It was a gorgeous world the settings felt so alive and real and everything was extremely vivid in my mind despite the relative shortness of the tale. **Corroded thornsx xbox** I really felt like I was in that old dark castle on the lake! The touch of steampunkness was SO cool and original (steampunk Beauty and the Beast? Yes please!) and I don't usually notice this but I LOVED the magic in this story! It was just. **Pdf corroded thorns pdf** That being said it was still an extremely awesome idea the way he was done! At first as I started out I was slightly disappointed that it didn't feel just like the first one BROKEN GLASS which was hilarious and mad-dash and there were so many characters running around making a mess and being fabulous. **Corroded Thorns pdf filler** But that's only a partial complaint because I quickly grew to love CORRODED THORNS just as much despite its different feeling and perhaps more because this one was much more straightforward of a plot mostly following the one storyline so I ended up more invested and just loved watching Darcy and Madeline's story unfolding! So don't expect CORRODED THORNS to have exactly the same feel as BROKEN GLASS. **Corroded thornsv vv2** THE ENDING! There was one of those moments near the end where I suddenly stopped reading and went oh no -- it's about to be over -- I don't want it to END!! But then it stayed just the right extra amount of time to wrap up the things I wanted addressed and it felt. **Corroded Thorns pdf reader** I loved it so much! Also the glimpse of some characters from the first at the end totally made the book!! It made me so very very happy! And not to give anything away but this book contains my favorite proposal scene EVER. **Corroded thornst the finals** <3 Gaahh how can I say enough wonderful things about this wonderful book? I feel like I'm falling woefully short! For such a small tale it was packed to bursting with fabulousness. **Corroded Thorns kindle direct** EEEK! <3 And then I had to reread it only a few days later because I couldn't help myself -- I had to enjoy its loveliness again! Basically it was glorious epic funny and full of characters I loved a ton plus a setting I was completely immersed in (I want to live there!) and of course Beauty and the Beast! What more can you want? I adore it and love it to bits and it just made me indescribably happy! (I received an e-copy of this book from the author in return from my honest review; I was not required to be positive; these opinions are entirely my own. **Corroded Thorns kindle** If you haven't read that yet you must! It tied for my favorite story out of the Five Glass Slipper anthology which it featured in and Corroded Thorns won't be as enjoyable (or make as much sense) if unless you've read that. **EBook Corroded thorns game** She did a great job retelling the Beauty and the Beast story into a steampunky setting and the twists on the familiar old elements were so clever! I enjoyed getting to check back with some characters from Broken Glass at

the end! That scene made me laugh and I was pleased to see no one had changed much. **Corroded thorns book review** :D Corroded Thorns (see original review below)I first discovered Miss Clifton when reading Five Glass Slippers and was completely captivated but also distraught at finding that Broken Glass ended in a cliff hanger. **Book corroded thorns of bude** The whole twist with the wicked enchantress and the enslaved fairies was a fantastic addition really raising the stakes for everyone and making what could have been a nice little closed door romance into a driving political intrigue race. **PDF Corroded thorns schedule** Darcy's resistance to Madeline makes more sense with this addition - in the Disney version he really had little choice between Belle and being a grumpy beast locked up in his castle. **Corroded thorns book free** I loved that the authoress didn't take this couple too seriously they are way to human to do that and the impossible scenario they find themselves in on the last page doesn't make their happy ending any less satisfying - it merely turns our smile of satisfaction into a laugh. **Corroded thorns book pdf** I must admit I hadn't thought BROKEN GLASS all that steampunkish when I read it but that mood is definitely here for our Beast is a--well he's a type of monster that is very clever. **Corroded Thorns epub reader** When a mysterious lady sends her back to her old village with cryptic instructions and no answers to her many questions Madeline must find a way to free her father who has been imprisoned in a tower by a terrible beast.

## **Corroded thorns book pdf**

A short and sweet readWhat's not to like about fairy godmothers and sprites and cursed automotons? I found the plot very intriguing and enjoyable. **Corroded thornst the finals** It's no secret that I am a fan of the prequel BROKEN GLASS. **Corroded thorns book pdf** So when CORRODED THORNS was announced I was unquestionably excited: **Corroded Thorns ebooks free** A deeper darker magic than that of the prequel makes its grand entrance into this story along with all of the goodies called love and betrayal and greed and hope. **Corroded thornsw wwe** I will in perfect honesty mention that this story is a bit more confusing than BROKEN GLASS and I did not enjoy it quite as much. **Corroded thorns book** It's short fast-paced and undeniably sweet and sinister in turns, **Corroded thorns book** Corroded Thorns I was sent a copy of this book as a read and review request, **Epub corroded thorns download** I read the prequel story Broken Glass in the Five Glass Slippers book and I really enjoyed it: **Corroded thorns book free** This novella continues the story of Prince Darcy who was banished in the first story and then cursed to become a beast, **PDF Corroded thorns** (Now you know what this story is about right?)Bitter and angry over his curse Darcy is determined to make Madeline the fairy godmother who cursed him pay, **PDF Corroded thorns game** His biggest problem is deciding how and until he can do that he has her working in his castle. **Corroded Thorns book** (Well he had her locked up in his castle in a cold wet tower, **Corroded thornst terraria** But then his servant the adorable Niles decides he needs help taking care of the castle and convinces Darcy to let her out, **Corroded thorns book** )This soon leads from one thing to another and Darcy has to decide if he really is a beast or if it is just his outward appearance that turns into one, **Corroded Thorns ebooks online** I think I might have liked Broken Glass just a bit more but I loved Darcy - most of the time. **EBook Corroded thorns game** He was a spoiled prince for the first half of the story but there was still something about him I loved: **Corroded thornsr rs3** This story is darker than the first one especially near the ending: **Book corroded thorns of bude** I also liked the Steampunk element because Steampunk!It's a must read for anyone who's read Broken Glass and for those who haven't go and read that one and then read this one. **Corroded thorns 5e** Corroded Thorns brought a fresh oh-so-clever look at the Beauty and the Beast story we're familiar with: **Book corroded thorns of bude** Was it one of the best things I've ever read? Probably not but it CERTAINLY was great fun and is best read on a dreary afternoon with a cup of tea in hand. **Corroded thornsx xbox** It's short sweet clever to the point and full of light-hearted fun!This is a wonderful story and I can't wait for the next book Clifton writes! Corroded Thorns DARCY, **Corroded thorns book free** Corroded Thorns

Emma Clifton first came onto my literary radar with her novella *Broken Glass* which I found adorably ridiculously fun. **Corroded thorns 5e** The political espionage is adorable but probably only because the characters are involved. **Epub corroded thorns pdf** It stars Madeline: a girl with no memories only a certain sense that she has done something terribly wrong. **EBook Corroded thorns game** At first I thought that Madeline's introduction to interspecies politics would form the greater part of the plot. **Corroded thorns 5e** She is the queen of adorable couples and she successfully balanced two--two!-- of these with the plot in *Broken Glass*, **Corroded Thorns kindle direct** But in this instance I think the balance fell slightly away from the plot and landed in a series of secret picnics stolen glances and captured hearts: **Corroded thorns book pdf** But this novella felt much less meaty than its predecessor because the romance didn't have the focus of the plot to balance it. **Corroded thornstein** As always with Emma Clifton the writing was crisp and direct with no ambiguity: **Corroded thorns book free** Even if I preferred *Broken Glass* *Corroded Thorns* is still a worthy sequel, **Corroded thornsqa** I have an occasional urge to do that with other books but almost never follow through. **Corroded thorns 5e** As a *Beauty and the Beast* retelling I so enjoyed watching the plot unfold and picking out the similarities and twists: **Ebook corroded thorns download** It's a favorite fairytale of mine particularly that it shows how even really horrid characters can find redemption: **EBook Corroded thorns game** I LOVE fairytale retellings and this has to be one of my favorite versions of *Beauty and the Beast*! I simply adored it. **Corroded thornsx xbox** I can't describe it but it was perfect and seamless and interesting: **Corroded Thorns ebooks free** There's hardly anything wrong with this book! I did sometimes have a hard time visualizing exactly what the Beast looked like, **Corroded Thorns pdf filler** I wished there had been a little more description on that since my mental image kept changing. **Corroded thornstein** This one is a little less whimsical and has a darker more serious and epic feel to it (but there are still fabulous characters and some hilarious parts never fear!). **Corroded Thorns kindle** They're just different stories but you can still feel that they're connected as well: **Corroded thornst thesaurus** -Madeline is such a sweet insecure mousey thing and I found myself really really liking her, **Corroded Thorns bookworm** She's so used to being a failure and yet she **KEEPS TRYING** and I love that about her. **Pdf corroded thorns free** )-Young Niles was an unexpected but splendid (and rather important) addition the one servant who stayed behind for the Beast: **Corroded Thorns pdf editor** Gaahh I just adored him! He was such an original cheerful stubborn friendly fellow and was just fabulous! Yes yes and yes, **Corroded Thorns pdf reader** His role in the story really surprised me and I thought it was so cool!-Darcy, **Corroded thorns kindle uk** Despite his somewhat beastly tendencies you still love him and it's just incredible watching his story-arc leading from **BROKEN GLASS** and progressing through this one. **Epub corroded thorns pdf** It was amazing to read about quite believable awesome and extremely well done: **Corroded thornstein** I just loved loved loved reading this story about him! Especially his snark. **Corroded thorns book free** Their interactions are just the best! The humor the gems of hilarious lines. **Corroded thornstein** I loved it all! The other characters were interesting as well. **Corroded thornsz zz** Basically look forward to a great cast of characters in this book. **Corroded thorns meaning** There was much incoherent squealing

and babbling about its awesomeness on my part after finishing it, **Pdf corroded thorns pdf** This review originally posted on The Road of a Writer: <https://deborahocarroll.com>. **Corroded thorns book** ) Corroded Thorns Corroded Thorns is a sequel to the novella Broken Glass, **Corroded Thorns kindle direct** This story was so much fun! I love Emma Clifton's writing style, **Corroded thorns pdf free** If it had been a bit longer and the plot unfolded a little slower the story would have been the better for it: **Corroded thornstein groep** But that didn't stop me from enjoying Corroded Thorns and I'm already pressuring my younger sisters to read it, **Corroded thorns pdf free** At first I thought it was just one of those endings where the authoress deliberately leaves things unanswered but no. **Corroded thorns pdf download** I was thrilled to find that she did indeed write a sequel which was a relief because I absolutely positively had to find out what happened to Darcy and Ophelia: **Corroded thornstein** I think modern creatives place too much stock in making characters smart instead of making them good. **Corroded thorns u.gg** Madeline is not smart but she has a large beautiful heart and an inventive if somewhat silly way of looking at things, **Corroded Thorns pdf reader** What a wonderful and unique heroine! And then there is Darcy the reason I wanted a sequel, **Corroded thorns star trek** Despite the despicable things he did in Broken Glass (and here) I really really liked him: **Corroded thornstein groep** Ms Clifton did a brilliant job of making you like this character despite all obstacles. **Corroded thorns book free** Connecting Cinderella with Beauty and the Beast was brilliant and then there is the kind of steampunk science fiction element: **Corroded Thorns kindle paperwhite** Making Darcy turn into a AUTOMATON is one of the most brilliant ideas I've ever seen in retold fairy tales, **Corroded thorns pdf free** Corroded Thorns First off this story is for those who have read BROKEN GLASS Emma Clifton's novella in the FIVE GLASS SLIPPERS anthology, **Corroded Thorns pdfescape** Now assuming you've read it you'll be thrilled to know that this tale continues the story of Darcy and Ophelia (though you will first introduced to her here by another name), **Corroded Thorns epub reader** We also get to find out more about the magic of Lucernis and its shockingly dark secrets. **Corroded thorns xbox** I will admit I didn't feel like the characters stayed within character at all times. **Corroded thornstein** and I was surprised to find the story so short maybe shorter than the first which caused the bold plot to feel very rushed at times: **Corroded Thorns pdf reader** Nevertheless our heroine is very cute and a new side character is adorable and it's awesome to see some of our other favorite characters at the very end, **Corroded Thorns epub reader** The point is if you loved BROKEN GLASS you will want to read this. **EBook Corroded thorns game** ;) Corroded Thorns A fairy godmother—in prison? Madeline can't remember even being a fairy godmother let alone doing something bad enough to land her in a cell: **Corroded thorns 5e** First banished by his father the king then cursed by an angry fairy Prince Darcy will do anything to escape this fate and achieve revenge and power: **Pdf corroded thorns pdf** Just when he thinks his chance has arrived by some cruel trick of fate a girl from his past returns and once again wreaks havoc on his life. The story does not disappoint. But that doesn't mean it isn't worth reading. All together it's a clever Beauty and the Beast retelling. CORRODED THORNS is certainly worth your time. I did enjoy this story. It felt a bit grimmer but Madeline made up for it. She was a fun cheerful character and I loved her. AND NILES!!! That's all that needs saying. My overwhelming impression of this novella is adorableness. The characters are adorable. The plot is adorable. But nope. The novella was pretty much about Madeline and Darcy. Don't get me wrong: I love Emma Clifton's couples. All of these were as I mentioned adorable. Just. really well done. In the interests of being fair and looking at both sides. Complaints? Umm it took me a moment to think of any. But I ended up loving that about it. And now we get to the best part. The characters! I LOVED THEM. I can't even quite describe it but. Madeline's just so likeable. (Also tea and cucumber sandwiches. Ah Darcy. What does one even say about him? DARCY. That is all. DARCY IS MY FAVORITE. So much fun. Darcy Niles and Madeline make for a splendid main cast. The ending. I don't know. like a reward and it was just PERFECT! AAAHH. Yes it was that good. [wordpress.com](https://deborahocarroll.wordpress.com). I also reviewed the first one Broken Glass: <https://deborahocarroll.wordpress.com>. However I felt like this story was rushed. oh happy day Emma Clifton is not one of these authors. Ophelia (now called Madeline) is quite a poignant

character. And then there's plot. Haven't read it? Go read it. Worse still he begins to question what he truly desires. Corroded Thorns.
